

VitaPower-X

Next generation biostimulant

PRODUCT

VitaPower-X is a liquid plant feed product based on natural plant elements, antioxidants, plant hormones and liquid fertilizer.

FORMULATION

Total Nitrogen (N)	1,0%
Available Phosphate (P2O5).....	1,0%
Soluble Potash (K2O).....	1,0%
Citrus extracts	15,0%
Inert ingredients	82,0%

PACKAGING

1 Litre e Shake before use
1,2 Kg/L (20 °C) - pH 4,6 - DS 65% w/w

PLANT VITALIZING DOSAGE

Min 2 Ltr/Ha in 600L of water at weekly intervals. Can be used as plant (leaf) and soil bio stimulant; wash in soil applications with 2-5 MM irrigation directly after application (depending on soil type). Flower bulb dipping in combination with 50% classic chemicals has shown effective results; for detailed application advise, please contact your distributor.

VitaPower - X

PRODUCT DESCRIPTION

VitaPower-X is a liquid composition that boosts a plant's own defense system and increases the plants' defense mode. Stress symptoms are reduced as the plant is prepared for biotic stress and cell damage caused by an attack. The formula is centered around a blend of different citrus acid extracts. This extract has been shown to be highly effective in the control of various endo and ecto types of pests, pathogens, moulds and viruses.

VitaPower-X reduces stress not by killing pathogens and moulds but stimulating them to move out of the area so the plant is no longer under attack. Field trials have shown parasitic nematodes moving away from the plant's rhizosphere, increasing plant root system and health.

SAFETY PRECAUTION

Keep out of the reach of children and read the MSDS document carefully before use. Do not combine **VitaPower-X** in the spray tank with pesticides or fertilizers unless prior use has shown the combination is physically compatible, effective and non-injurious under local conditions.

WARRANTY

Aqua Aid Europe (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorised to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the materials as to which a claim is made.
