

Hydra-30 Greens™

Hydrating Surfactant

GENERAL INFORMATION

Hydra-30 Greens is a moisture management tool formulated to improve overall root zone moisture by restoring uniform hydration throughout the putting green root zone. By providing superior uniform hydration across a variety of soil types, **Hydra-30 Greens** will allow plants to better handle the stresses of modern maintenance practices while allowing for more firm turfgrass surfaces. When used as directed, **Hydra-30 Greens** is safe to turf and can be applied at any time of the year to avoid the detrimental impact of water repellency stress and localized dry spots on turf and to increase the vigorous appearance of turfgrass. **Hydra-30 Greens** is easy to apply through standard spray application equipment to all turfgrass areas.

WARRANTY AND LIMITATION OF LIABILITY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

STORAGE AND DISPOSAL

Keep container tightly closed. Store in original container only. Triple rinse container and empty rinse water into spray or stock tank. Dispose of empty containers in accordance with applicable laws.

HAZARD STATEMENT(S)

The product is not classified as hazardous. No known significant effects or critical hazards.

PRECAUTIONARY STATEMENT(S)

Keep out of reach of children. Read label before use. In case of eye contact, flush eyes with water. If swallowed, give water or milk. If eye or skin irritation occurs or you feel unwell, get medical advice/attention.

PFC 3B - Inorganic Soil Improver

Dry matter content. 14,6% by mass

Ingredients:

60% Ethylene oxide-propylene oxide copolymers (CAS: 9003-11-6)¹
Where ¹ CMC 1 virgin material substances and mixtures

DIRECTIONS FOR USE

Golf Greens

Apply 10 to 13 L/ha in 800 L of water (3 to 4 ounces per 1 000 ft² in 2 gallons) at 30 day intervals or as needed.

Irrigate with sufficient water to deliver Hydra-30 Greens to the soil profile - 3 mm (1/8 inch) or more recommended.

DO NOT combine Hydra-30 Greens in the spray tank with pesticides or fertilizers unless prior use has shown the combination physically compatible, effective and non-injurious under local conditions

AQUA-AID Solutions GUARANTEE

Hydra-30 Greens comes with a 100% money back guarantee. If you are not satisfied with Hydra-30 Greens for any reason after trying the product at recommended rates, AQUA-AID Solutions will refund your money in full.
