

# Liquid TS

## The ultimate solution for soil health and plant vitality

### PRODUCT DESCRIPTION

Liquid TS is an innovative liquid formulation derived from carefully selected plant extracts. It is designed to rejuvenate soil health, increase organic matter, and optimize plant performance. It is an essential product for anyone seeking healthier, greener, and more sustainable lawns, sports fields, gardens, and landscapes. The unique formulation provides a potassium boost, enhances nutrient absorption, and promotes a thriving soil ecosystem.

### KEY BENEFITS

#### Enrichment of Organic Matter

- Increases organic matter in the soil, improving structure and fertility.
- Enhances water retention, reducing the need for irrigation.
- Creates a resilient soil environment for long-term sustainability.

#### Improvement of Nutrient Uptake

- Stimulates the natural processes of nutrient absorption, allowing plants to make optimal use of available nutrients.
- Reduces nutrient leaching, protecting the environment and maximizing efficiency.

#### Promotion of Soil Life

- Stimulates beneficial microbial activity, creating a vibrant and balanced soil ecosystem.
- Increases populations of soil organisms that enhance aeration and nutrient cycling.

#### Support of Plant Growth

- Provides a potassium boost (K 0-0-1) that is crucial for cell wall strength, stress resistance, and overall plant health.
- Ensures vigorous growth and enhances the vitality of grass, fairways, sports fields, and gardens.

### APPLICATION GUIDELINES

#### Dilution and Dosage

Greens, Fairways, Tees, Surrounds, Sports Fields, Lawns: 100 L / Hectare.  
Spray in as much water as possible, 400 - 800 L / Ha. Can be mixed with most fertilizers and biological products. Always perform a compatibility test before mixing in the tank. Safe for use on all grass and plant types.

20 liter

### PRODUCT PACKAGING

20 L

Do not shake before use. Over time, sediment may form at the bottom, so it can be re-liquified by adding water.

### COUNTRY OF ORIGIN

Belgium

### SAFETY INSTRUCTIONS

Keep out of reach of children and carefully read the safety data sheet (SDS) before use.

### PRODUCT-SPECIFIC LABELING REQUIREMENTS

Dry matter :	79,03 % w/w
pH :	5,3
Electrical conductivity :	315 mS/m
Organic carbon (C <sub>org</sub> ) :	25,7 % w/w
N <sub>org</sub> (Originating from plants) :	0,27 % w/w
C <sub>org</sub> / N - Ratio :	88,6

### FORMULATION

Total potassium (K<sub>2</sub>O).....1,32 % w/w

### OTHER NUTRIENTS

Total nitrogen (N).....0,29 % w/w

Total phosphate (P<sub>2</sub>O<sub>5</sub>).....0,07 % w/w

### WARRANTY

AQUA AID EUROPE BV (seller) guarantees that this product conforms to its chemical description and is suitable for the purpose indicated on the label when used according to the specified instructions. The buyer assumes the risk of any use that is contrary to these instructions. The seller provides no other express or implied warranties regarding suitability or merchantability, and no representative of the seller is authorized to do so, except in writing with explicit reference to this warranty. In no event shall the seller's liability for a warranty claim exceed the purchase price of the materials for which a claim is made.

### ORGANIC SOIL IMPROVER PFC3(A)

**INGREDIENTS** : Plant extract-based, Camellia sinensis seeds CMC 2. Plants, parts of plants and plant extracts.

**PRODUCTIE DATUM** : 08-05-2025

**BATCH** : 250508-01

**LIQUID TS IS FOR PROFESSIONAL USE ONLY**
