PRODUCT DESCRIPTION
SOLAR consists of titanium dioxide and organic extracts. **SOLAR** can reduce the harmful effects of UV radiation. Offering a natural protection against the harmful rays of the sun. This reduces the stress of extreme solar radiation for a more natural resistance. This is a unique product because due to the extremely fine structure of **SOLAR**, combined with UV light, organic pollution on the surface can be reduced.

BATCH NUMBER / SHELF LIFE
Batch code: AA-20240617
Limited shelf life after opening, best stored at room temperature.

REMARK
Attention! EUH210 - Safety data sheet available upon request. EUH211 - When nebulized, dangerous inhalable droplets may be formed. Do not inhale spray mist. Keep out of the reach of children and read the MSDS sheets carefully before use. Do not combine SOLAR in the spray tank with pesticides or fertilizers unless prior use has shown the combination is physically compatible, effective and non-injurious under local conditions. Concerns a technical product with technical quality.

WARRANTY
Aqua Aid Europe (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorised to do so except in wirting with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the materials as to which a claim is made.
